No. 557.—Under sections 12, 24 and 29 of the Madras Abkari Act I of 1886, as amended by Act I of 1913, and in exercise of all other powers enabling him in this behalf, His Excellency the Governor in Council prescribes in supersession of the previous notifications issued on the subject, the following rules for regulating the compounding, blending and bottling of potable foreign liquor for the purpose of sale. These rules will come into force from 1st April 1914.

I. In these rules—

(*a*) "Compounding" means the artificial preparation of foreign liquor by the addition to imported or locally-made spirit of flavouring or colouring matter or both.

(*b*) "Blending" means the mixing together of spirits or wines of different strengths or qualities but of the same description.

(*c*) "Bottling" means bottling as defined in section 3 (18-A) of the Madras Abkari Act I of 1886, as amended by Act I of 1913.

NOTE.—These rules do not apply to the operation of blending of country spirits in distilleries or warehouses under the Distillery and Warehouse rules or to bottling in breweries.

II. No compounding or blending of foreign liquor is permitted, except in premises duly licensed in this behalf, by the Collector. Such licenses will, in the case of compounding operations conducted in distilleries, be granted by the Deputy Commissioner of Abkari.

III. These licenses will be granted only to persons holding a wholesale license for the sale of foreign liquor or to licensed distillers. The fee for a license for compounding or blending or for both taken out for the same premises, will be Rs. 250 per annum.

IV. When any wholesale vendor of foreign liquor or any licensed distiller desires to carry on operations of compounding or blending or both, he will submit an application to the Collector or the Deputy Commissioner of Abkari, as the case may be, stating the nature of the operations he desires to perform and the premises where such operations are to be performed. On receipt of such application, the Collector or the Deputy Commissioner of Abkari will decide whether a license should be granted.

V. No colouring or flavouring substance may be added to any liquor until such substance has been examined and passed by the Board and only in such proportion as the Board may, on examination, direct.

VI. Where plain spirit has been imported coloured, a quart sample should be submitted to the Board's Laboratory together with an ounce sample of any essence which it is proposed to add to it.

VII. The Board may impose such fee not exceeding Rs. 2 as it considers necessary for each examination.

VIII. All bottles or other receptacles containing liquor that has been compounded or blended in India for sale must be labelled as having been compounded or blended in India.

IX. Foreign liquor may not be bottled for sale except under a license to be granted in that behalf by the Collector in the case of imported liquor and by the Deputy Commissioner of Abkari in the case of liquor locally manufactured. Such licenses shall be granted only to holders of wholesale licenses for the sale of foreign liquor and to licensed distillers on payment of an annual fee of Rs. 50.

X. Bottles containing liquor compounded or blended in India for sale must bear labels specifying the nature of the liquor contained therein, *i.e.*, whether it is whisky, brandy, gin, rum or wine, the name of the place where it is bottled, the name of the bottler and the country of origin.

XI. Bottles filled in India with liquor imported in bulk from foreign countries when intended for sale, must bear labels specifying the nature of the liquor contained therein, the country of origin, the name of the bottler and the fact that the bottling was done in India.

XII When any operations of compounding, blending or bottling are to be carried on by a licensee, he must notify to the Collector or the Deputy Commissioner of Abkari, as the case may be, the days and hours during which such operations will be carried on and it will be the duty of the Collector or the Deputy Commissioner of Abkari to ensure that they are conducted in accordance with the conditions of the license.

Collectors may, on the application of the municipal councils concerned, sanction gratuities subject to the following conditions :—

"(1) No gratuity is admissible to servants whose labour is purely manual (*e.g.*, a peon or lascar) and who are paid at ordinary market rates, nor to persons who have rendered less than twenty years' service. Pensionable service under Government should not be added to non-pensionable service under a municipal council to make up the twenty years' limit.

"(2) The gratuity should not exceed the following scale :—

"20 to 23 years' service—six months' emoluments.
"23 to 26 do. —seven do.
"26 to 30 do. —eight do.
"Over 30 do. —nine do.

"2. In exceptional cases of less than twenty years' service the orders of Government should be obtained.

"3. The provident fund being intended to take the place of pension or gratuity, no municipal servant can claim a gratuity in respect of the period of service during which he has been a subscriber to it. But where the period for which a municipal servant has contributed to the provident fund is less than that of his total service, the entire period of his service may be taken into account for the purpose of calculating his gratuity, the amount of bonus, if any, received from the provident fund being deducted therefrom and the surplus paid as a net gratuity."

NOTE.—*The figures in brackets are offered as an approximate indication of the number of days which, in a course extending over 125 lectures, might suitably be devoted to the respective periods or tendencies or thinkers enumerated. In the cases of Plato, Aristotle, Descartes, Spinoza, Leibniz, Hume, Kant and Hegel, a thorough critical understanding should be aimed at of their main constructive conceptions, accompanied—at least in the cases of Spinoza, Hegel and, very especially, Kant—by some measure of first hand acquaintance with selections from their writings. In respect of the rest of the Syllabus no more is insisted on than such a general acquaintance with the most prominent tendencies as may suffice to provide an intelligible setting for the fore-mentioned eight thinkers and to give a bird's eye view of the history of philosophy in its outstanding features.*

4. Tenders must be sent in registered covers to the address of the District Forest Officer, North Malabar, Manantoddy, and clearly marked on the outside of the cover with the words "Tenders for standing trees." The tenders will be opened by the District Forest Officer on the 16th February 1914 and each tender must be accompanied by deposit of Rs. 300 in Treasury chalans as forest deposit and not as forest remittance. Money orders or notes will not be received, and if sent no responsibility on them will be accepted. The deposit of unsuccessful tenderers will be returned as soon as possible.

5. Each tender must refer to the whole area to be felled in the coupe and the tenderer may offer a lump sum for the whole area or a rate per c. ft. of each kind of timber extracted.

6. The successful tenderer will, within a fortnight of the receipt of the intimation of the acceptance of his tender or tenders, execute an agreement with the District Forest Officer. For each day's delay (through the fault of the contractor beyond the time allowed) to execute the agreement, the contractor will be fined Re. 1. Some of the essential conditions of the agreement are:—

(*a*) The contractor should deposit a sum of Rs. 1,000 for the due fulfilment of the contract.

(*b*) The contractor must begin work punctually on 1st May with at least 35 coolies always on the work for the period of the contract and to ensure this there must be at least 50 coolies on the contractor's roll. There shall be a fine of Rs. 5 per day for every day's delay in the commencement of the work after the 1st May 1914.

(*c*) The contractor must undertake to exercise personal supervision and not leave the work entirely to his agents and further the contractor must inspect the work within seven days of being required to do so by the District Forest Officer.

(*d*) The contractor must pay the coolies punctually and regularly at intervals not exceeding seven days.

(*e*) The contract is based on the actual experience of past years and there is nothing in it which is unreasonable and consequently the terms of the contract will be strictly enforced.

(*f*) The supply of elephants will not be guaranteed, but any departmental elephant, at the option of the District Forest Officer, may be supplied at the usual rates of hire subject to the rules of the department regulating their use.

7. The period of contract will be one year from 1st May 1914 to 1st May 1915 and in the case of lump sum contract the amount of the contract must be paid in two equal instalments on or before 1st June and 1st August 1914. Failure to make payments on the due dates entails cancellation of the contract and forfeiture of all wood unremoved; the District Forest Officer may however condone late payment if sufficient cause is shown and interest at the rate of 6 per cent. per annum is paid on the arrears from the due date to the actual date of payment.

8. The District Forest Officer is not bound to accept the highest or any tender.

9. Further particulars can be had on application to the undersigned.

10. The contractors must read the tender notice carefully and confine their tenders to the terms of the notice; failing which their offer will be treated as per tender notice.

11. The usual upkeep of roads will be made by this department, but if this is not sufficient the contractor must do any further work required himself.

Conditions of Lump Sum Contract.

1. Felling shall commence from 1st May and close before 30th November 1914. All trees must be cut as close to the ground as possible (without defacing the hammer mark) in order to avoid unnecessary waste of timber. There shall be a fine of Rs. 5 per day for every day's delay in commencing the work after the 1st May 1914.

2. The contractor shall continuously employ not less than 35 men throughout the period of felling and it will be necessary therefore for him to have at least 50 men on his rolls. The contractor must pay the coolies regularly on every Saturday evening punctually for all work done during the week. For this purpose the contractor must keep his local agent amply supplied with funds.

3. The trees shall be felled by sub-coupes and each sub-coupe continuously from north to south or vice versa in accordance with the requirements of condition 4. The contractor shall not commence work in a new sub-coupe until the sub coupe working has been completely finished and inspected and passed by the Range Officer.

4. In each sub-coupe the felling shall commence farthest away from the forest depots and the logs must be dragged in the order in which they are felled. By this means the debris of felled trees will not interfere with the dragging.

5. The contractor shall not deface or remove the tree number or the range stamp or the stamp of any tree felled or to be felled.

6. The contractor shall fell only such trees as are marked for felling, a list of such trees being furnished to him.

8. Any tree felled which has not been marked will be charged Re. 1 per inch of girth measurement at the stump at ground level and the District Forest Officer is at liberty to levy Rs. 250 for such stump if the stumps are removed. As soon as a tree is felled by axemen they are to see that the tree number is visible on the face of the trunk as well as on the stump.

9. If any tree not marked is damaged by the careless felling of a marked tree, the contractor shall pay a fine of not less than Rs. 10 for each such tree damaged.

10. The contractor is not entitled to hire any Government elephant If any Government elephants are available, the District Forest Officer may, if he likes, allow their use on payment of Rs. 5 per day for each elephant. A sum of Rs. 500 should be deposited in the Post Office Savings Bank as security for the prompt payment of elephant hire. All logs to be dragged by departmental elephants shall have the drag hole ends sloped off from both sides towards the centre so that the log may tend to ride over the ground instead of cutting into it. The elephants will not be worked for more than 20 days (20) in a month and the working hours will be from 8 to 11 A.M. in the morning and from 2 to 5 P.M. in the evening in the months of December, January and February and in the other months from 11 A.M. to 4 P.M. Range officer will issue a bill for the hire of elephants at the end of each month and the amount must be paid within 15 days of receipt of the bill. Each Government elephant has a prescribed maximum beyond which it may not drag. This schedule of working maximum will be supplied to the contractor. The contractor, if he decides to remove logs exceeding the maxima set forth in the schedule, will have to make his own arrangements for extracting such logs.

11. The contractor is at liberty to engage other than departmental elephants and shall pay for the green fodder consumed by such elephants the seigniorage fees at Rs. 7-8-0 per maunam for each elephant.

12. All the converted logs will be dragged to forest depots selected by the range officer in each sub-coupe which shall be situated as far as possible on the road side in convenient localities whereafrom further transport by carts can be easily effected. There shall not be more than two such depots in any sub-coupe. All logs left in the sub-coupes undragged to depots on 31st January following the date of sale will be the sole property of Government and the contractor shall have no claim to the or nor reimbursement of any expenditure incurred by him on account of such logs.

13. The department will not be responsible for any damage any felled logs or trees may suffer while within the limits of the forests.

14. The contractor shall pay 50 per cent. of the contract amount by 1st June and the balance by the 1st August 1914.

15. As soon as sufficient number of logs has been dragged to the forest depots the contractor or his agent shall inform the range officer of the same and the range officer will measure and sale hammer the logs before further removal. No logs shall be removed from the depots before being so sale-hammered.

16. The department is at liberty to measure any tree or log or count rings at any time in order to obtain sylvicultural or other statistics, and for that purpose the department may place chalk, tar, pencil or other temporary marks on any tree or log.

17. All logs must be cross sawn and departmental saws if available will be supplied on a payment of Rs. 5 (five) for each saw for the season.

18. When logs are being dragged, the contractor must depute one man solely to attend on the dragging by each elephant in order to remove obstructions from the logs or elephants.

19. The contractor will be responsible for any fire that may be caused in the forests by his negligence or that of his agents, coolies or cartmen.

20. The contractor shall be allowed time till 1st June 1915 for the removal of the logs stored in the coupe forest depots and any log not removed beyond the limits of the coupes by the last day abovenamed will be the property of the Government and the contractor shall have no claim to the same or to a refund of any expenditure incurred by him in the felling, shipping or dragging thereof nor for the amount paid by him on account of such logs.

21. If the contractor has sold any logs and the purchaser fails to remove them within the time prescribed the department has no concern with the purchaser and the contractor shall be liable for any suit which the purchaser may file. No transfer of the contract can be effected without the sanction of the District Forest Officer and no such transfer will be considered valid unless the same is executed by a power of attorney presented in person and the transferee certifies that he agrees to abide by these conditions.

22. The contractor may not dispose of branch-wood or any wood he does not use himself to others without obtaining the permission of the District Forest Officer.

23 No extension of time will be allowed to the contractor under any circumstances.

THE HONOURABLE THE COUNCIL OF THE GOVERNOR OF FORT ST. GEORGE FOR MAKING LAWS AND REGULATIONS.

WE, the members of the Select Committee appointed at the meeting of the 11th November 1913 to report on the Bill to empower Hindus to make transfers and bequests in favour of unborn persons, have the honour to submit our report thereon to the Council.

2. We have received no representations from the public with reference to the substance of the Bill.

3. We have altered the preamble so as to make it clear that the Bill is intended to be declaratory of the Hindu law as to the rights of Hindus to make transfers and bequests in favour of unborn persons.

4. We have considered it expedient to substitute the test of domicile for that of residence and to restrict the operation of the Act to Hindus domiciled within the limits of the Madras Presidency. Transfers and wills by persons domiciled outside those limits have therefore been excluded.

We consider it desirable that the provisions of the Act should be applied to transfers and wills executed before the Act in respect of dispositions intended to take effect at a time subsequent to the passing of the Act.

5. Clause 6 has been omitted as unnecessary and likely to nullify the restrictions enacted by clauses 3 and 4.

6. The other changes are merely verbal.

Note.

I do not think it desirable to include within the Act transfers made in wills executed before its date in respect of such dispositions made thereby as take effect after the passing of the Act. The Act would thereby be really retrospective in its operation. Let us take the case of a settlor or testator who has died leaving his property to A for life and the remainder to an unborn person. According to the rulings of the Privy Council, the gift or bequest to the unborn person is void and the heir-at-law in whom the reversion became vested is entitled to possession after the demise of the life tenant; the heir-at-law may have alienated his interest to a *bonâ fide* purchaser for value. If sub-clause (2), section 2, be meant to cover such cases (it is doubtful whether the wording would cover them) there would be great and unnecessary hardship caused. The clause is unnecessary in the case of transfers made and wills executed before the Act, when the donors or testators are alive; new dispositions may well be made.

No. 3 of 1913

A Bill to declare the rights of *Hindus to make transfers and bequests in favour of unborn persons.*

(As amended by the Select Committee.)

WHEREAS it is expedient to declare the rights of persons governed by the Hindu law to make transfers and bequests in favour of unborn persons; It is hereby enacted as follows:—

1. This Act may be called "The Hindu Transfers and Bequests Act, 1914."

[5] 2. (1) This Act shall apply to all transfers *inter vivos* and wills made by persons governed by the Hindu law who are domiciled within the limits of the Presidency of Madras.

[New.] (2) In the case of transfers *inter vivos* or wills executed before the date of this Act, the provisions of this Act shall apply to such of the disposition thereby made as take effect after such date.

Explanation.—Hindus governed by the Marumakkattayam or the Aliyasantana law shall be deemed to be persons governed by the Hindu law for the purposes of this Act.

[2] 3. A transfer *inter vivos* or disposition by will of any property shall not be invalid by reason only that the transferee or legatee is an unborn person at the date of the transfer or the death of the testator, as the case may be.

[3] 4. No transfer of property can operate to create an interest which is to take effect after the lifetime of one or more persons living at the date of the transfer, and the minority of some person who shall be in existence at the expiration of that period and to whom, if he attains full age, the interest created is to belong.

[4] 5. No bequest is valid whereby the vesting of the thing bequeathed may be delayed beyond the lifetime of one or more persons living at the testator's decease, and the minority of some person who shall be in existence at the expiration of that period, and to whom if he attains full age, the thing bequeathed is to belong.
